NEED VOLUNTEERS

Our Volunteers are an integral part of our work. Working as one team, we combine skills and experiences of our local and international volunteers in a thought--provoking, stimulating and learning environment. The requirement to participate in our programs is willingness to trust our process for the development of human resources. Both the learners and the facilitators must be willing to live and work with members of our communities, and in the process of unification we achieve higher consciousness!

If you would like to volunteer with us, please contact Mr. Emerson Guild:

LIFE DREAMS

"To dream anything that you want to dream, that's the beauty of the human mind. To do anything that you want to do, that is the strength of the human will. To trust yourself to test your limits, that is the courage to succeed."

"Nothing is unthinkable, nothing impossible to the balanced person-- provided it arises out of the needs of life and is dedicated to life's further developments."
